Summary

Destiny Sales & Services has been providing government and commercial accounts with their Electronic Test and Measurement Instrumentation since 1997. Certified WOSB with the SBA, we are able to help you meet your small business contractual requirements for purchasing.

Differentiators

- *Able to combine multiple vendors onto one PO to save you time and money.
- *Through our partnership with the sales engineers of Southern Marketing Associates, a leading manufacturer's rep company, we have the expertise to assist you with technical information for your projects and understand product functions, unlike many other distributors.
- *Authorized dealers of Fluke Industrial Tools and Teledyne LeCroy Oscilloscopes, as well as over twenty five other manufacturers when meeting your WOSB contractual needs.

Past Performance

*91/100 score on Dun & Bradstreet Past Performance Open Ratings Report, including all positive feedback.
